1	Expensive little town	6/7/2024 10:29 AM
2	A community caught between. Some growth and visible decay.	6/1/2024 8:22 AM
3	A small community that is working together to try and keep itself alive, but in need of some more housing and commerce. Such as good food places to eat.	5/29/2024 3:18 PM
4	Changing demographics	5/19/2024 4:26 PM
5	Several years ago--- I was anxious to move to a small town... People are great. It looks like a slum city. Yards are not kept up at all, trash, wood, iron, weeds, cars, Store parking lots are terrible. Inside stores look old, dirty, But the appearance of the town is bad. Pride is gone.	5/14/2024 2:15 PM
6	A small town that is caught in a tug-of-war between wanting to remain a small town, and also wanting expansion.	5/14/2024 11:16 AM

15	Crappy school systems. Nothing for kids to do besides seasonal sports. Even that's limited being we don't have gym space to cater to all groups/sports	5/5/2024 8:14 PM
16	While Burlington is seeing growth, the City council and administration seem ill-equipped to guide and plan for this growth. Addressing issues head on, create zoning practices, and address homelessness that has become a component of this community.	5/5/2024 10:38 AM
17	I moved here from the city. I was shocked to hear "thats just the way it is out here". All the time. People put up with sub-par everything	5/3/2024 2:12 PM
18	Very limited evening restaurants. Hospital is limited in what they do. Need activities for young people	5/3/2024 1:53 PM
19	Streets and electrical systems need work (everything looks worn out)	5/3/2024 12:01 PM
20	Streets and sidewalks are in poor condition. Seems like everything is aimed at Interstate business not local	5/3/2024 11:51 AM
21	Getting a lot of homeless people in the area.	5/3/2024 11:07 AM
22	It seems like Burlington is a stable community but occasioally it appears there are homeless and other parts of the own that aren't desirable	5/3/2024 9:53 AM
23	Homeless we never had before, drug problems appear to be increasing	5/3/2024 9:41 AM
24	It has a small community feel but I'm not sure how stable we are. Our medical community seems to rather send people away than care for them here. And our electrical infrastructure seems to still be a mess. My teen no longer feels safe with more 'sketchy' people walking the streets.	5/3/2024 5:41 AM
25	Streets are absolutely horrible and trash everywhere you look	5/2/2024 8:07 PM
26	Q stable community that is soon to be threatened by the new water regulations for farms	5/2/2024 4:15 PM
27	There are many active groups in Burlington, but they need to find a way to ALL work beside each other instead autonomous. Maybe the City could be the connector for all the groups- schools, 4H, Fair board, chamber, churches, etc	5/2/2024 2:30 PM
28	Mixed - good things are happening in some areas, but there's a cultural decline ... more irresponsible people, more dysfunction, more drugs. Less safety, more transient/homeless people everywhere.	5/2/2024 12:47 PM
29	Small and stable now but concerns for the community in the future	5/2/2024 12:25 PM
30	The streets are disgraceful and embarrassing.	5/2/2024 12:17 PM
31	I feel there are areas that community has seen growth with businesses, but there areas like our infrastructure with roads and power has seen a decline.	5/2/2024 11:22 AM
32	Very close minded	5/2/2024 10:03 AM
33	Still feels like small community but feeling very overpriced for rural life. Housing has skyrocketed, the new Safeway is not that great just more expensive ect.	5/2/2024 9:25 AM
34	Not necessarily a community in decline, but a community that needs more reasons for people to come visit or want to move/work here.	5/2/2024 9:16 AM

1	In regards to the parks - if they were taken care of better (water and spray weeds). The pool seems to be more of a problem to keep working in the last few years. Utilities are very high. Business and/or industry is imperative to keep Burlington going. Schools need work, which hopefully on track now. Indoor recreation would be nice that works for working people. Residents not taking care of property and yards. Tax already passed on streets, but doesn't seem to be applied.	5/28/2024 2:47 PM
2	We have wonderful parks that are not well kept	5/21/2024 10:37 AM
3	We need another pharmacy with better services for people outside Burlington. Better transportation for people without cars. Outback is an all day trip for a small errand.	5/19/2024 6:17 PM
4	Roads, street pans, curb and gutter, utilities and water and sewer lines	5/19/2024 3:18 PM
5	Water quality is a HUGE issue. Stop blending water and fix the issue. If people knew septic system was leaking into the water, it would be different!	5/19/2024 3:04 PM
6	No clue because I am not from here and don't live here	5/19/2024 2:51 PM

Building Burlington Community Survey

7	The big thing is having enough things to do. A lake or a pond would be nice	5/18/2024 7:33 PM
8	the town looks like a junkyard & rules already in place are apparently not enforced	5/16/2024 9:43 AM
9	We have 2 parks. Thats enough. Keep them in top shape in order to be used. You can have 2 to 10 parks but if they are not taken care of properly it's a waste of time and space and Money.. Clean up the dog poop in the parks. Enforce fines for letting the dogs use it as a bathroom. Enforce the ability to not let cats rome. I know they are part of the lion family but they need to be kept in the house. I do not appreciate having cat poop in my flower beds and garden when I don't own a cat. What about places for adults and kids playing games etc. we need somewhere with NO drugs and safe. No real place to go for walks. No sidewalks in most areas, and the roads are not level. Had a dr {Not here in town} said to not go for walks. Nothing is level. Hurts hips and knees. Our electricity, internet needs to be updated big time. Have you looked at main street alleys with maybe the original wires etc. Fires ready to happen. We are not Denver. We should not be charging what the denver area gets for rent. Many people are making minimum wage in town.	5/14/2024 2:15 PM
10	The power grid is fragile. It flickers a lot more than it should..	5/14/2024 11:16 AM
11	Wall between palmer park and the interstate to block noise. The city has no business in the housing industry.	5/13/2024 2:23 PM
12	The care of existing main street businesses, infrastructure and public owned facilities are high priorities.	5/9/2024 8:46 AM
13	Main street is falling apart, has been abandoned by city.	5/8/2024 11:36 AM
14	Competant policing, drugs rampant, lack of code enforcement.	5/8/2024 5:31 AM
15	Gg	5/7/2024 2:49 PM
16	Open communication from government. What is going on in Burlington and what are our elected official doing?	5/7/2024 9:03 AM
17	This is a dying community with a poor education system .. Hugh influx of migrants...	5/6/2024 12:40 AM
18	Nothing to do around here at all	5/5/2024 11:40 PM
19	I hate to mark so many items as "very important", but they each individually are and can hopefully work in tandem of one another. The activities and programming for families is the best dept in Burlington already!	5/5/2024 10:38 AM
20	The parks we have are great. I wish the bathrooms were open year round. As a frequent pedestrian, it would be great to have well maintained sidewalks throughout the entire town. Recreation trails/paths for both pedestrian and bicycle users would be nice. Do we currently have indoor recreation areas??? I wouldn't count the community center as unless you are part of an organized class, ATA, dance, etc., you really can't recreate there. I wish we had more family friendly evening/weekend activities available	5/5/2024 7:18 AM
21	Burlington doesn't have an appearance of welcoming when coming off the exits or driving down the main roads. There is no pride taken in the city itself.	5/3/2024 5:10 PM
22	Quality of schools has to improve	5/3/2024 3:45 PM
23	I don't live here to know about electric and etc.	5/3/2024 2:26 PM
24	Poor school district, Not poor but lack of funding. Poor as in Management	5/3/2024 1:26 PM
25	City spends money are the wrong things	5/3/2024 1:16 PM

3	Not anymore coffee shops. We need more quality food places to eat. Open on Mondays	5/29/2024 3:18 PM
4	Home care and transportation services 24/7 or at least 7 days/week for those in need	5/29/2024 2:44 PM
5	Restaurants with consistent hours 7 days a week is needed. I think we are fine with coffee shops. I do miss the other grocery stores, but not sure its feasible to have more then one. Would like to see more stores on main street - miss Orths and other clothing stores, ALCO (dollar stores just aren't enough), A meat market would be nice to have. A nice lunch spot (not Mexican food) on main street would be nice as well. Sorry to see the dry cleaners close, but we do have access.	5/28/2024 2:47 PM

#	OTHER (PLEASE SPECIFY)	DATE
1	There are lots of people who walk all the time. All of the ball parks, pool, other facilities need to be updated. The parks are nice and need to be taken care of better and watered. Beauty in the communities is lacking - shape of yards, Lincoln street looks uninviting from the Interstate, and a few businesses need to be cleared out or at least cleaned up.	5/28/2024 2:47 PM
2	Arts and crafts. After school program for homework tutors, expand library, pharmacy delivery for all of Kit Carson, better billing department at hospital. They fail to bill your insurance then give the account to collections. For example, my niece has been going to court for about one year all because the billing department at the hospital did not bill her insurance!	5/19/2024 6:17 PM

4	place to ride bikes & walk besides around and around at the park	5/16/2024 9:43 AM
5	If we don't have a town that is more eye appealing, cleaner stores inside and out-- have the Company titles improve the appearance inside and out Paint can make places so nice and clean. Instead of wasting money on more parks and trails that will need to be kept up so that costs a lot of money every year and where would that come from.. We are not a rich town. It will be filled with homeless, their trash, drugs, human waste etc etc.	5/14/2024 2:15 PM
6	Need to Focus on addressing the homeless people. That is an issue.	5/14/2024 11:16 AM

7	Will need a light on Hi 70 and Lincoln when all the new stuff comes in for camping etc. Have the developers pay for that. Most intersections need to be replaced. Rose and 14th is horrible. People visiting town cringe when they go there. Loose 1st impressions real fast and car parts.	5/14/2024 2:15 PM
8	There needs to be A BUNCH of bike racks to store people's bikes around town. Especially if you are going to develop/improve the sidewalks and trails. Encourage people to bike, or skate, or scooter, and even walk, to places around town. There is too much reliance on using cars to travel around Burlington. There also needs to be a few crosswalks on both Lincoln St and Rose Ave. Placement of stop signs around places where people walk, rather than just our current yield/slow down signs.	5/14/2024 11:16 AM
9	Maintenance of Rose Avenue signals for proper detection and actuation.	5/11/2024 9:31 PM

6	Support activities and interests of families. More diversity	5/29/2024 4:42 PM
7	The power grid sucks in Burlington. This year alone there have been many blackouts and from strange reasons. How can this be improved. And the industrial area is kind of a mess. Over there where Carlin's Auto Body is the electricity is reversed.	5/29/2024 3:18 PM
8	A place to watch my children and grandchildren thrive in while meeting my needs as I grow old.	5/29/2024 2:44 PM
9	Burlington and Kit Carson County is slowing declining. Not all is the city or county's fault, but we need business coming in. The condition of buildings, streets, and areas needs to be addressed. There is nothing that is inviting to Burlington to relocate, the housing prices are high compared to other areas, the schools are in trouble, and the lack of industry make people not even look at us. Bottom line on the current parks we have - better care could be taken of them - its not overly expensive to spray weeds and water. The police presence and stalking recreation businesses and events deter people from coming. Has been said for many years that there is a drug problem in Burlington and nothing seems to change or improve in that area.	5/28/2024 2:47 PM

13	Over the next 20 years, I would like to see Burlington be able to have more pride in itself again. Safety is a major concern among both of the parks in the area. Way too many transient people coming through as they please with no regard to help the community. Our swimming pool is the most outdated in the area, there's no reason for anyone to travel here when we can't even keep our pool warm. I moved here from Denver, because I thought it would be safer, unfortunately, I'm finding that I can't have my kids walk down the streets without running into a homeless person at this point. I'm more than happy to help those in need, but Burlington is becoming a magnet for people reaching for handouts. Our schools cannot keep up with the influx of students that need extra help. Excited there has been updates to the Lincoln corridor, but those of us that live & work here would like to see improvements, instead of just having it be a place for pit-stops.	5/24/2024 10:01 AM

26	Housing and rent in town is too expensive! If we want more businesses and activities make it welcoming and affordable for housing to attract people to live here	5/19/2024 3:18 PM
27	* Better water quality! Better school system. Places for people to walk and visually more appealing. Raise the sales tax so *everyone* has a share of the cost / expenses.	5/19/2024 3:04 PM

40	My overall vision for Burlington would be to see more activities in Burlington for kids / teens to do	5/17/2024 4:09 PM
41	Fix what's wrong. This town is amazing, it has potential.	5/17/2024 4:00 PM
42	our roads need to be redone-not patched-& we are already paying additional taxes to do that. the town just needs to be cleaned up and made more visually attractive -especially along the hwy thru town. buildings are dilapidated or just plain ugly. I dont know if you are asking about this but the schools seem to be more interested in sports than learning the 3Rs.	5/16/2024 9:43 AM
43	Better to grow slow and take care of first what we have and then expand little by little. All of these ideas will take lots of extra money and added employes. Where will the money come from. Slow.. We were promised new roads. Where are they. Fix up what we have first.	5/14/2024 2:15 PM
44	Burlington in about 20 years has the chance to either be bigger than it currently is, or smaller than it is. City has to grow, because we are so small if we don't grow, then we are shrinking. The biggest issue is the money. Money has to be made, and be Responsibly spent. The city cannot afford to go into debt. If we are going to spend money to improve something, then it	5/14/2024 11:16 AM

Building Burlington Community Survey

	has to be something that will either be guaranteed to make money, or something that doesn't make any money back at all, but is significantly improved.	
45	Definitely need more affordable housing, daycare, resources for homeless.	5/13/2024 7:13 PM
46	We have a huge population of new homeless and mentally ill people walking around the streets. I moved to this town to raise my kids in a small safe community and they can't step foot outside by themselves because of the consistent characters walking by my house. Why would I stay here if my kids aren't safe to walk 2 blocks to a friends house.	5/13/2024 2:23 PM
47	staying the same	5/12/2024 9:49 PM
48	Concrete skatepark for the kids. Areas to ride bikes or walk safely. Indoor recreation center would be great. The school system needs to be improved. Child care would be helpful for family's where both parents have to work. A better farmers market would be great too.	5/12/2024 6:51 PM
49	I couldn't go back to work when we moved here for my husband's job because of no child care. Now that my kids have grown and I'm back at work winters are hard because there is nothing for them to do. Too cold for the park. A rec center with child care would be a win win for many family's in burlington.	5/12/2024 6:43 PM
50	Burlington is such a pleasant community to live and raise a family. My vision is for that to remain for the next 20 years while making improvements in community collaboration, municipal and county government, infrastructure, and childcare. Many people in Burlington talk about how they want new big-city businesses and growth, yet the reason most people I know like living here is because we don't have everything that comes along with that growth. Long-time residents of Bennett are leaving to get away from the growth; I don't want Burlington to become the next Bennett or else I would live up there. I instead think we should focus on retaining local talent from NW Tech and Morgan CC to stay and work or start businesses here. What growth we do have I hope we start to focus on building the heart of our community, rather than the interstate interchanges. I would also like to see the community become more accepting and embracing of the diversity we have in our community. I would like to see stronger efforts to clean the community through code enforcement. There are abandoned homes, including near schools, that should be condemned and torn down. Bushes overgrow sidewalks, and residential yards are used for car salvaging. This lowers the quality of life for neighbors and the community. Regarding parks, our parks are in great condition overall. The fountain at wood park needs repaired or removed, and the basketball and tennis courts are disgraceful. The new pickleball courts are extremely nice, these improvements should be extended to the other courts. I think adding any additional traditional parks would be a mistake and would prefer to see the City continue focusing on the two parks we have. Goodland residents have long envied the parks in Burlington compared to Goodland's. The City of Goodland attributes the difference to the fact that Burlington has 2 parks that we are able to focus our attention and resources on, compared to Goodland's 8+ parks. A downtown plaza space could be a great addition though.	5/11/2024 9:31 PM
51	I would like to see the city acknowledge the valuable resource they have in Old Town and work harder to support Old Town to generate more tourism dollars.	5/10/2024 5:58 PM
52	We need a rec center!! It would bring in travelers that need a break from driving. It would give year round options for swimming.	5/10/2024 5:51 PM
53	Support the businesses that we already have.	5/10/2024 6:08 AM
54	focus on things that everyone needs water,electricity,roads , housing etc. We have enough parks and activities especially for kids and teens. The school provides alot of activities. Money is always an issue stick to necessities.	5/9/2024 9:31 PM
55	My focus is the preservation of the history and historical buildings in Burlington, Colorado. The painting of the Burlington Water Tower would be a visible example of that goal.	5/9/2024 8:46 AM
56	I want Burlington to have great streets and roads since they have gotten so bad and I want there to be more activity's for kids so they don't do anything stupid. More art and fixing sidewalks lights parks etc would help our overall look immensely.	5/8/2024 8:13 PM
57	Downtown/Main Street has always been the heart of Burlington. We need to emphasize that and beautify it accordingly. We need to return to it being a gathering place.	5/8/2024 4:46 PM
58	The population of the city is only getting older not younger. There aren't a ton of community events for older people. It would also be nice to have more sidewalks or trails to be able to be safe while being active.	5/8/2024 3:06 PM

59	I would love to see a rec center, the bowling alley be redone, the swimming pool redone like Colby's with a lazy river and big red slide for the little kids.	5/8/2024 12:22 PM
60	Improved streets	5/8/2024 12:22 PM
61	So many visions, so many nightmares!	5/8/2024 11:36 AM
62	Our electric service is sub par with flickering lights and always an animal getting into a switch. We need to be involved with the county to work towards water recovery and sustainable use. Maybe a push with the state for a water pipeline to recharge our water aquifer. Will never happen but it should. We used to have a lake, grocery choices and now that we have a new safeway, we have 8-9.00 ground beef and we find walmart cheaper. We're pushing tax dollars out of our community to goodland. And happy to pay the 9% tax for better shopping options. We as a community have to change the way we're looking at running our community and stop making excuses. Where are the new streets were paying taxes for? Where did our safety and security go? Where did our news paper go? Where did our community pride go? There are street lights out all over town, our streets and sidewalks are crumbling, people driving like fools, funk cars all over town, the smell of weed every night so you can't have a window open. You absolutely can not call the police and get them to respond rlor do anything. But this is all tolerated by the council, mayor and city administrator. Look at goodland kansas. They are 30 minutes away and have left us in the dust.	5/8/2024 5:31 AM
63	I would like it to stay the same. It is good the way it is.	5/7/2024 3:53 PM
64	Less alcohol and drugs	5/7/2024 3:29 PM
65	Make a target where the old Safeway was. Scrap the bowling alley and make it into an arcade.	5/7/2024 2:50 PM
66	Around the same	5/7/2024 2:49 PM
67	I would like to see Burlington grow and have a rec center, mainly because I am a big basketball fans an I enjoy playing basketball and much as I can.	5/7/2024 2:49 PM
68	I think we have to potential to be a better town. I just would like for it to not grow too much bigger as the land around the town is owned by family farms that would t like to give it up.	5/7/2024 2:49 PM
69	If this works then it will improve as much as possible	5/7/2024 2:49 PM
70	Burlington needs more nature.	5/7/2024 2:49 PM

75	No	5/7/2024 2:49 PM
76	I hope to see more diversity and for our town to come together. Burlington has always been full of cliques and separated by class. I'd like to see that change.	5/7/2024 2:49 PM
77	Better hospital, affordable housing, indoor activity centers.	5/7/2024 2:49 PM
78	Idk	5/7/2024 2:49 PM
79	To move towns	5/7/2024 2:49 PM
80	Continue to value our small farming community, hold onto our heritage, don't try to be like the big cities, more small independent businesses, stop the encroachment of homeless lifestyle that is starting to seep into our town, bolster our police force, continue to have a safe and friendly place to raise children and grow families.	5/7/2024 10:28 AM
81	I moved to Burlington because I wanted a small town. When you speak of growth, I don't want more people, but I would like to see better amenities and a revitalized town. A place where people want to come and shop and enjoy the town. I'm at retirement age, I would like to see more activities for all ages, but especially senior citizens. Indoor and outdoor activities. I sure don't like seeing all the wind farms, let's not support the myth of sustainable, safe, carbon-neutral energy.	5/7/2024 9:03 AM

82	I would like to see pride return to Burlington It used to be a lovely place to drive around. Now it looks tired and unkept.	5/7/2024 8:17 AM
83	I would like to see Burlington as a CLEAN friendly town. Honestly this town in the last few years has gown down hill fast and it's sad. It has become filthy and the amount of unkept properties homes and businesses is atrocious. It's like the town has given up. Burlington is the first stop in colorado, let's make colorado proud. We need businesses on main Street not nasty empty buildings with trash and crap inside. We need more choices of restaurants from fast food to sit down. We need some big businesses to bring jobs to this town. We need to get the drugs out of this town!!!! We know who they are. They are turning our community into trash. Open your eyes and really look when you drive around this town and see how many businesses and homes don't mow, don't even maintain their property... let's change that and clean up this town. I used to be proud to say I chose to move here almost 6 years ago... anymore I look around this town and I wonder why I chose Burlington.	5/6/2024 4:58 PM
84	Before initiating growth we need to improve what we have. . . streets, pool, parks, infrastructure etc. Affordable housing needs to be addressed. Numerous local businesses seem to be operating short staffed so adding jobs to an already small work pool would be detrimental across the board.	5/6/2024 11:40 AM
85	Improved Main Street area. Better Sidewalks/ curb & gutter.	5/6/2024 8:04 AM
86	Overall vision would be where kids of all ages can freely walk up and down Main Street, parks and other amenities and families can feel confident that they're sending or playing with their kids in an area they feel safe in.	5/6/2024 4:17 AM
87	Burlington doesn't need to be bigger. Its size is just fine.... it need to get better. We live here because we do not wanna live in a large city. Small town live is good enough. even tho Lincoln Street is starting to look like Colfax Jr. Which isn't a good thing... maybe figuring out another stop liklght system on Lincoln Street for the folks that work on Lincoln Street it's a nightmare between noon and five. Also Safeway entrance is a total nightmare too	5/5/2024 11:40 PM
88	We need a rec center!	5/5/2024 7:40 PM
89	Focus on the environment for the kids more rec activities	5/5/2024 7:33 PM
90	We need more activities for families and spaces for sporting complexes, we also need to have more business and housing	5/5/2024 7:09 PM
91	With a lot of wind jobs coming our community is going to grow a lot we are the nearest city for them tos tay we need housing better/upgraded schooling more for the youth also opening up youth places like roller skating better bowling better rec center will also provide jobs for our young adults.	5/5/2024 6:52 PM
92	I think Burlington has some wonderful businesses now and is headed in a good direction. I think it would be great to have a place downtown to sit outside during warm days or a place similar inside on cold days. There's really no where except the library and Ziggi's to sit for extended periods of time.	5/5/2024 1:44 PM
93	Follow Wrays and path. Please focus on one area at a time. Complete step one before moving to step two.	5/5/2024 1:35 PM
94	Why growth? Administrators always think growth is good. Growth can be terrible and I don't think this City is taking care of its current assets well enough to desire or handle "growth". How about tending to what we have first- it's a beautiful community, let's make it reflective of that.	5/5/2024 10:38 AM
95	I don't think growing in size or population should be a priority. We should be focusing on cleaning up and improving what we do have.	5/5/2024 8:19 AM
96	Please do something about the exposure of Parker Park to the interstate. I hate that the City chopped up all of those trees, and whenever I am at the park (which is rare now) I'm very aware of the noise and traffic from I-70; it doesn't feel safe or relaxing to me to be at that park. I love the walking path, and used to enjoy going there for exercise, but I don't anymore.	5/4/2024 7:26 PM
97	Burlington does a lot of things really well, Old Town is great, the parks are well maintained, and we love the library. The utilities have improved drastically over the last ten years, the roads are a work in progress (but at least work is being done), and the community building is probably the best in Eastern Colorado. It is hard to find a solid middle class job. I can find minimum wage work, and I can find professional work (doctor, lawyer, etc.) but that group of people who	5/4/2024 2:05 PM

Building Burlington Community Survey

need more than minimum wage, but are not trained to be doctors and lawyers can struggle to find work to afford to live here. If a family is not interested in sports, the community offers them very little. Adult education courses? Cooking classes? Sewing groups? If these things exist, then I don't know about it. It seems like there is no contact between events going on and the public. Businesses are still hanging posters in storefront windows. When an event does occur (celebration of summer, mom's night out, pioneer days, even the County Fair) everything has alcohol. The only way people in this town know how to plan events is to put a drink in everyone's hand. What message are we sending when the High School wrestling program needs a liquor license? When our PRESCHOOL fundraiser needs to have alcohol? The swimming pool takes far too many resources for only being used by a quarter of the population for all of three months (and that's when the thing CAN open). Our pool takes more time and resources just to limp through a summer than it is worth. Our school system is struggling. Homeschooling has exploded in the area, the Catholic School has a waiting list, and the Christian School was looking to expand last I knew. The school system should look into becoming a Charter School. I'd also like some bike paths and some bike racks on main street. Riding a bike in town, especially with a kid, is impossible. Again, the city does a lot of really neat things, most of the items listed are not city problems. It just seems like we only cater to select members of society and are trying to keep doing things the way they were done in 1980.

98	I wish we had our lake back.	5/4/2024 10:59 AM
99	We would all love to see Bonnie Damn be brought back to life. Such a sad thing to just let die.	5/4/2024 7:12 AM
100	Attraction of families and visitors alike by capitalizing on our rural heritage (Old Town, Carousel, Main Street history, heritage farming, restoration projects, festivals, fairgrounds, small businesses, etc). Continuing support for youth opportunities including parks, library, recreation, pool. Continuing upkeep and improvement of infrastructure. Affordable housing and utilities. Quality healthcare.	5/3/2024 10:09 PM
101	Bringing back the "City wide cleanups". Having a park with a fishing pond. Having an annual "Street dance" party on Main Street. An ice cream truck would be cool to have to go around during the summers.	5/3/2024 9:06 PM
102	We need daycare centers, a rec center and Main Street that has been revamped, and get rid of that hotel on the corner of 24 & Lincoln that is a horrible eye sore and says a lot of Burlington : (we need another grocery store Safeway parking is horrible and entering and exiting that place is rather frustrating	5/3/2024 8:48 PM
103	Please, please get on the road projects, since I believe taxes were raised for this. Also, begin plowing streets in winter again, the ice build up is so hard on vehicles and tears up the roads even more. Please provide instructions on how city staff is to Properly make repairs. Watching city public works employees hanging out, driving unsafely and being friendlier instead of arrogant and rude would be a plus as well!	5/3/2024 7:14 PM
104	Get the power situation stabilized to decrease outages. It seems there is growth within our community as I see an uptick in workers that won't stay here permanently. To entice families, we need more affordable housing- it seems the increase in housing prices is not commensurate to increase in jobs or consistent growth.	5/3/2024 7:02 PM
105	Indoor rec is so important- the weather is so unpredictable that an indoor facility would be wonderful	5/3/2024 5:22 PM
106	I would like the businesses and residents to be more involved. I'd also like to see the City employees take pride in their work and be excited to improve the aesthetics of the City. I'd like to see the vagrants removed. The street project so far needs massive reconsideration - the quality of work that has been performed so far is TERRIBLE!!! The City should also be cognizant of our limited resources, such as conserving water.	5/3/2024 5:10 PM
107	More indoor recreation for those who aren't connected to the school system, more bike trails and walking trails to safely get our kids and adults to places in town, improve our infrastructure, work on our school system. Improve our hospital and childcare to attract young families.	5/3/2024 4:13 PM
108	Schools must improve for anything else to improve.	5/3/2024 3:45 PM
109	Improved and to grow as much as possible, have to eliminate the drug going around	5/3/2024 2:26 PM
110	Folks need a reason to come together. I moved here two years ago and quickly learned that	5/3/2024 2:12 PM

everyone is related and they don't like any one in their families. People gossip about everything true or not

111	I am curious why businesses like subway, Dennys, burger king, sonic etc don't survive here. These are well established businesses and they should be able to make it. The medical situation here is a tragic joke.	5/3/2024 2:04 PM
112	Continue to keep everything up. Fairgrounds are excellent. Golf course is good parks are pretty good. Theater is very much improved, nice town	5/3/2024 1:58 PM

117	Burlington has a lot going for a small town. It has a lot of things to do just more than advertising for people outside of Burlington.	5/3/2024 1:32 PM
118	Better road and road maintenance	5/3/2024 1:21 PM
119	If you build a city focused on catering to the interests of children, when those children are old enough to move away they will since they won't be children anymore.	5/3/2024 1:07 PM

122	I've live around Burlington for 40 years. I'd like to see something done with the homeless issue that's cropped up in the past couple years. The hotel on the corner of Rose and Lincoln is an eye sore and always full of sketchy looking people.	5/3/2024 12:24 PM
123	Like to see more growth in more options	5/3/2024 12:20 PM
124	Have welcoming arms to new businesses	5/3/2024 12:19 PM
125	A sustainable community with decent infrastructure (streets, power, sewage, water). A much better health care system with a full service hospital.	5/3/2024 12:01 PM
126	I wish Burlington was more like Wray, lots of nice places to eat and full service hospital that provides baby delivery and orthopedic surgery, etc. We go to Wray for our medical needs. Hate having to go to the Front Range.	5/3/2024 11:51 AM
127	Definitely need more things to do!	5/3/2024 11:32 AM
128	I would like to see Burlington to be a clean, safe place on the eastern plains. I appreciate the effort put forth.	5/3/2024 11:17 AM
129	A city well planned out with nice homes and plenty of things to do with the family	5/3/2024 11:12 AM
130	Grow at a substantial pace that the city can afford. Take care of what we already have	5/3/2024 11:07 AM
131	I want to see the city of Burlington get more connected with, and work with our local organizations and businesses. Prairie Cultural Revitalization is in the process of obtaining historical district designation for 14th Street in Burlington, which will enable our local businesses to be able to get grants and tax credits for restoration work on our historical buildings on Main Street in Burlington. After the commercial historical district status is received, Prairie Cultural revitalization will be applying for residential historical district status so private homeowners in our great town can receive grants and tax credits for restoration work and even some general upkeep for their private homes.	5/3/2024 10:59 AM
132	Right now a tent city! I want growth but with good honest people. Better law enforcement, drugs off the street and out of the schools, then we can grow,	5/3/2024 10:59 AM

143	Burlington is a great small town where I am actively raising my family. Is there room for improvement? Always. However, it would not be wise to attempt to rapidly grow our town. We should utilize our resources to improve what we have (specifically our streets and downtown area). Our two existing parks are great (I frequent them with my kids often), and we have exceptional events for our area. Investing in an additional park seems unnecessary and adds to the city's overhead.	5/3/2024 8:47 AM
144	I will help do whatever to make this a beautiful town	5/3/2024 8:44 AM

149	The gym complex Wray has is ideal with the indoor track. Parks are great except for half the year when our kids are forced to stay inside because there's no INDOOR parks/gym activities center for kids. The rocket and wooden park are excellent for great weather, we need something for the winter.	5/3/2024 6:50 AM
150	More things for kids to do to keep them out of trouble	5/3/2024 6:41 AM
151	It would be great to see families stay. The quality of our schools is driving people away and losing services at the hospitals doesn't help. There are water issues that could devastate our community if not addressed. The Oglalla aquifer seems to be on borrowed time. There definitely needs to be something for teens to do safely in this community. Unfortunately, there's a large number that turn to drugs and alcohol. I really don't know the answer though	5/3/2024 5:41 AM
152	I think affordable housing and new long term job opportunities will help grow the community. I would love to see our town grow in the next 20 years instead of decline. I know we need to raise taxes to better our town and our infrastructure.	5/3/2024 5:31 AM
153	Better schools. Return to Pregnancy support and birthing capabilities. Improving street maintenance. Indoor swimming pool Sure miss Department store/Denny's style restaurant	5/3/2024 4:17 AM
154	People begging on the corners has grown exponentially over last few years as well as homeless and transient population. I've seen people acting erratically on street corners and safety has become a concern. What can be done about this?	5/2/2024 9:10 PM
155	I want to see the community continue to grow and thrive as a whole. However, public transportation options for those without access to a vehicle or are disabled and can't drive, and programs to assist low income families with housing and childcare are few and far between, and I believe that necessary changes should be made to amend those issues.	5/2/2024 9:04 PM
156	To have a safe community for our children and to improve our justice system. We shouldn't have to worry about our property being stolen by the same individuals that get let out of jail weekly.	5/2/2024 8:50 PM
157	Make Lincoln street in front of Safeway, Mcdoanlds 4 lanes. Improve street lights on rose avenue. Plant more trees. Build new swimming pool. Build a large rec center	5/2/2024 8:49 PM
158	I feel like Burlington will grow much more and get more restaurants but no more coffee shops please no more.	5/2/2024 8:00 PM
159	I would like to see Burlington attract quality people and families with more jobs. The marijuana	5/2/2024 7:20 PM

industry is not necessary. We need more programs for helping families in need of rent, medical, utilities and food. Also I love to see our workforce office open again.

160	More child care needs to take top priority. Moms can't work, even when they want to, due to lack of childcare options.	5/2/2024 7:14 PM
161	We have to get rid of all these weirdos in town. Being politically correct is not important. Get rid of them. Our kids are not safe	5/2/2024 6:43 PM
162	I would like to see more diversity when it comes to things like local business or other businesses in general. I would also like to see more family oriented activities and such.	5/2/2024 6:34 PM
163	Parks and trails are a lovely idea. This town needs more options for family fun. The bar is awful, a pub style that serves food and adult drinks would be better. Also the streets. Oh man, the streets are so ran down- it makes our town look trashy. So does all the ran down buildings/business along our main roads. I moved her to start a family- this town is kind of scary to do that right now. I definitely don't want my kids in this district....	5/2/2024 4:16 PM
164	I would like to see Burlington as a great tourist stop. Bringing in money for the town and not increasing the population drastically.	5/2/2024 4:15 PM
165	I would like to see Burlington cleaned up. No matter which way you enter into town, it's ugly, dirty, run down. Everything needs cleaned up. Beautify Burlington.	5/2/2024 3:18 PM
166	Farmers market	5/2/2024 2:53 PM
167	Build on the opportunity provided by hosting Mirgan CC and what a "college" campus & students could bring culturally to the community - community classes. Workshops, trips, speakers, art.	5/2/2024 2:30 PM
168	I constantly get asked by out of towners "what is there to do here". Well if ya don't golf bowl or go to the bars there really isn't anything for adults. What the answer is idk but it's been this way since I was a kid sure we have to think about parks & such for the kids but what about young & older adults to do	5/2/2024 2:29 PM
169	Better infrastructure and cheaper housing	5/2/2024 2:28 PM
170	A new swimming pool, better roads, rec center	5/2/2024 2:27 PM
171	Needs to develop a plan for more art in the community. Develop a community theater. And provide a place for local artist to display their art.	5/2/2024 2:06 PM
172	Burlington needs to attract new businesses in manufacturing that can grow with the strengths of the area in renewable energy and agriculture.	5/2/2024 1:40 PM
173	Get the PD to deal with drug houses especially the hotel formerly known as Western motor inn. Make parks safer from drug activity and littered drug paraphernalia	5/2/2024 1:25 PM
174	Make the walking path better at the wooden park. Refinish the wood at the wooden park and fix what is broken. Get the fountain going again. Make a man made pond with walking path on the outskirts of town. Bring in someplace to buy something other than western wear.	5/2/2024 1:24 PM
175	Grow a bit. Increase the workforce. Atttact bigger employers and provide housing options.	5/2/2024 1:18 PM
176	Have more restaurants and grocery stores to compete for market and be affordable. Shops ask what they want and quality food goes down all is always Mexican get more family restaurants that is affordable- better choice	5/2/2024 1:01 PM
177	Indoor swimming pool and lazy river and new outdoor swimming park	5/2/2024 12:59 PM
178	I would love to see Burlington thrive in all areas. BUT most importantly, to make our town SAFER.	5/2/2024 12:57 PM
179	Plans to preserve and rehabilitate Burlington's historic structures.	5/2/2024 12:50 PM
180	A few of these things are private things, not up to the city government. Both ball field facilities should be at the top of any list. I'm more worried about the fact that I see vagrants daily and half the kids in the school are vaping than whether we get a new park. I know the city can't fix the dysfunctional family situations plaguing our community or the behavior of the kids in the schools, but we can't sustain true, natural growth without functional, responsible, productive	5/2/2024 12:47 PM

people. The city can't be society's babysitting service. You have your work cut out for you. Good luck!

181	We need more affordable housing. There is enough housing and what is available is very expensive.	5/2/2024 12:44 PM
182	I would like to see more options for our youth. This age range is from 0-25 and we offer very little for a lot of those ages.	5/2/2024 12:34 PM
183	More response from the city when people reach out and actual community engagement. I would like to see significantly more engagement with economic development on more than just grocery and prison. Housing and childcare have to be addressed.	5/2/2024 12:25 PM
184	To regenerate local businesses in the downtown area to provide for a more attractive community. Bring in younger citizens that want to stay and shop in our community.	5/2/2024 12:17 PM
185	We need child care and affordable housing for the jobs in the foreseeable future	5/2/2024 11:43 AM
186	A mid price range restaurant would be good. Making the pool indoor for year round use would make it better to use.	5/2/2024 11:25 AM
187	Get rid of run down hotels and homeless people	5/2/2024 11:23 AM
188	I would like to see Burlington grow on a steady pace but would like to see improvements to the streets, power, and making the town look nice.	5/2/2024 11:22 AM
189	Try getting dispensaries here again but do a better job advertising their distance from residential areas. The senior citizens wouldn't have been so opposed to it if they didn't think drug addicts would be moving into their backyard. There are three liquor stores and no one complains about all the alcoholics here.	5/2/2024 11:19 AM
190	We need to work on keeping Burlington safe like a small town should be. Get more activities/ places to hang out for our teens	5/2/2024 11:16 AM
191	I would love to see Burlington grow in the next several years. I am currently homeless and working at a job that isn't something I want to make a career out of. I am currently working towards my degree in education. I'm hoping that I can use that degree to work in the school district. I preparing and trying to keep my family in this community. I want my children to grow up in this small town. One of the dilemmas I'm currently having is finding housing and affordable housing. If I'm unable to find housing I will end up having to move out of state. This is weighing heavy on my family right now. If Burlington had more apartment properties to provide housing for families, I believe this would keep Burlington growing. Another idea to keep Burlington growing is another for of entertainment for families like an indoor play center where we can gather in the winter months. I would like to improve our library. The library is one of our sources of entertainment since there isn't much to do. We attend their story times and Lego club as well Science Fridays. Improving the roads is important I would like to see rose ave shown off to its beauty as well as main st.	5/2/2024 11:09 AM
192	Without an increase in the diversity of our economy, we're at the whims of bad harvests and weather, whereas we have a massive opportunity to increase our local tax income if we would legalize recreational marijuana. The only thing we accomplish by keeping it illegal is supporting local drug dealers and sending tax dollars out of our community to the Denver metro area. Large projects to improve our town would be more easily paid for if we would properly allocate most of the taxes legal marijuana would bring in.	5/2/2024 11:05 AM
193	I believe the Burlington community is in a state of decline. The republican river water retirement program is going to be detrimental to the economy and will result in a major loss of jobs, property value and ability to attract new business. The schools are in poor shape both structurally and academically and that is going to directly influence growth more than recreational opportunities. The health care and medical facilities are in a decline as well and are starting to outsource to traveling doctors which will not help bring new families into the community and has little benefit back to the city if those families do not live here and support this community.	5/2/2024 10:45 AM
194	All efforts should be made to beautify our town. Rose Ave and 14th street need to be postcard ready to attract people to Burlington. Much stricter enforcement of city regulations or additional regulations need to be applied to ensure Burlington looks like a place people would be willing to move to "the middle of nowhere " to be apart of and make their home.	5/2/2024 10:38 AM

195	Burlington is in a great position to land a niche of a great place to stop on a loooooong stretch of land with nothing else to do. Actual modern activities, more restaurants, and some strong internet marketing could go a long way.	5/2/2024 10:34 AM
196	If we could improve on the amenities we have and really aesthetically take care of our parks, medians and ditches of the main thoroughfares I think community pride would improve. I feel like businesses along Rose and Lincoln should be in some sort of covenant that requires them to take care of the ditches and their properties. It is a horrible first impression of Burlington. The medians also look horrible now and do not give any small town pride vibe. The big park has so many bare spots in the grass and stickers, it's not very welcoming, and it could be amazing. The swimming pool could definitely use an upgrade and having indoor recreation spaces throughout the year would be fantastic. There are not enough quality basketball courts which creates crazy scheduling issues during most of the school year. The practice football field area/old practice ball fields could be better as well.	5/2/2024 10:27 AM
197	The existing infrastructure needs to be improved and efforts need to be made to curtail the homeless population that has popped up in Burlington. Adding to the community events and facilities will do nothing if you have vagrants and illegal activities spiraling out of control.	5/2/2024 10:26 AM
198	I would like to see better leadership and accountability! All the money goes to support old town while the rest of the town goes down! We need new leaders and managers that want to work. The city parks need a new manager.	5/2/2024 10:23 AM
199	We need things for teens/kids to do.	5/2/2024 10:03 AM
200	Hopefully crime down with more activities for kids and teenagers to do. Especially during winter months.	5/2/2024 9:38 AM
201	I would love to see the daycare center thriving. I think the biggest need after that is an indoor recreational facility with space for all kinds of sports, maybe an indoor pool. After that I would say the current outdoor pool needs a complete renovation especially the kiddie pool area. Our current parks are good and well used. Additional areas for outdoor activities like bike or walking paths would be great!	5/2/2024 9:30 AM
202	Unless you can get people to sell land around Burlington, you're going to have trouble expanding outside much of the city limits as is. And I can't say I don't blame them for not wanting to sell either.	5/2/2024 9:25 AM
203	Just to be a better place for kids to have fun and adults t find jobs that aren't fast food or grocery store workers.	5/2/2024 9:22 AM
204	I would like to see Burlington as a welcoming town with just enough options to visit. Add recreation options to help promote a healthier lifestyle and options for kids when out of school.	5/2/2024 9:16 AM
205	I would like to see this be area stay a small contained community that uphold American values and Christian principles. This area should be family friendly and small business friendly by keeping costs low for business start up costs.	5/2/2024 9:03 AM
206	Growing community that takes pride in our town.	5/2/2024 8:59 AM
207	If the growth is mostly dysfunctional low-income vagrants as it seems to be lately, I prefer it not grow. Merchants park needs new bathrooms and both fields need shade structures.	5/2/2024 8:54 AM
208	I would hope to see it grow to help young families want to stay and raise their families, and be the most prosperous tourist destination in Eastern Colorado. Additionally, I envision our community becoming a hub for entrepreneurs looking to start and grow businesses, further enhancing our town's vitality and appeal.	5/2/2024 8:51 AM
209	See our streets improve so that kids can actually play in them without hitting pothole after pothole. Rec Center for kids to be able to play year-round without the hassle of getting into the school facilities.	5/2/2024 8:48 AM
210	Better food selection, access to dental and vision care, and a clinic/hospital that can actually properly bill services to insurance etc. It is absurd that we have to drive to Wray or Denver for any kind of decent healthcare beyond check ups and minor things.	5/2/2024 8:47 AM
211	We need more housing. It's impossible to find housing here especially for young families who are unable to buy a house right off the bat. We also need more kid friendly things to do. A rec	5/2/2024 8:38 AM

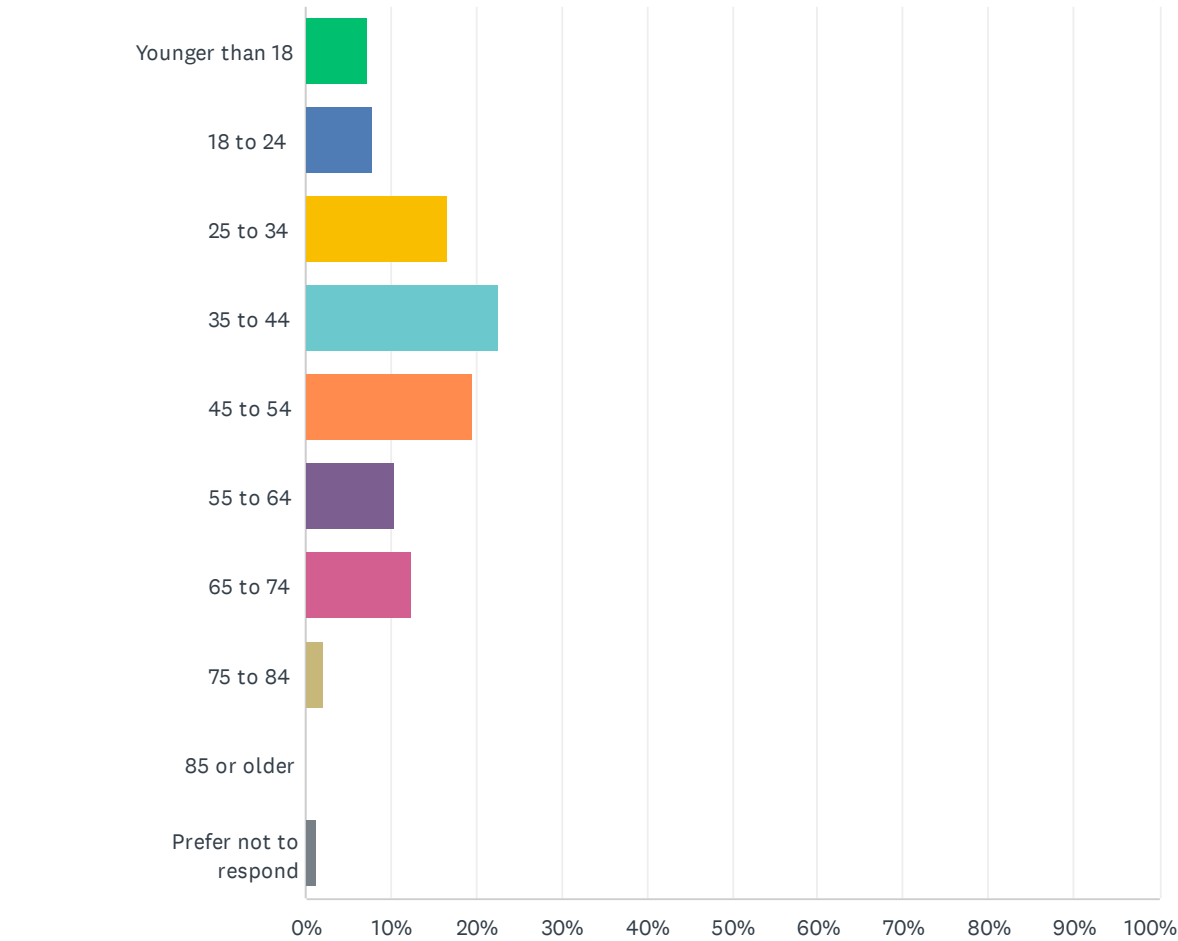

Building Burlington Community Survey

center would be amazing or some sort of indoor playground that is functional through all seasons.

212	We need to keep young families living in or near Burlington. Also activities for elderly would be fantastic. Let's offer things we now do NOT have, an indoor pool year around, along with an indoor activities center for all ages would be a great plan. Winters are long on the Eastern Plains.	5/2/2024 8:35 AM
213	Fix the hospital so it is finically stable and improve healthcare on a local level. Get a police department that can actively stop crime and drug deals. Then the town can start improving from within our community. If you want to work please come to Burlington. We would welcome you with open arms. If you don't want to work please don't come. The world is full of non productive people.	5/2/2024 7:50 AM
214	Continue being a close community that brings families together and keep kids busy and out of trouble with activities available	5/1/2024 2:09 PM
215	I'd like to see Burlington thrive in areas other than agriculture. I'd like to see it become a community that people want to move to. I'd like to see better amenities including a rec-center, post-secondary education and more job opportunities.	5/1/2024 12:29 PM
216	Housing is of upmost concern. There is very limited options for lower income people and families, not to mention the elderly. We have seen some good growth in the last two years with new business development, but our infrastructure and housing are not on pace to keep up. Burlington has all the potential to continue on a path of sustained growth while preserving its small town character, and hopefully this plans sets us up for just that. We just want a nice, safe community to raise our families with some of the amenities of the city. Our parks & rec, namely the activities dept., is doing a good job of providing programming for for a variety of ages and interests. Parks on the other hand need attention and that boils down to city staffing and a schedule for o&m. Our parks are not well cared for in my opinion. The swimming pool is desperate for overhaul and could generate revenue to offset operational costs it if were in functional condition. To say it's nickled and dimed us would be a gross understatement. Would love to see all ballfields updated along with pool in hopes to attract more regional tournaments to benefit our economy. The same could be said for meeting spaces like the community center and Old Town. These are underutilized convention and meeting spaces because they do not have the amenities needed to attract larger bookings. I firmly believe that tourism is a leg that the city will need to stand to move into the future. Marketing/PR and transparent communication are also top of mind for future growth and quality of life for residents. Thank you	4/30/2024 5:30 PM
217	Have adequate parks, recreation for older ages (not just kids), walking/biking lanes, be able to clothes shop locally, public safety departments fully staffed, housing.	4/30/2024 2:33 PM
218	stop housing the homeless, make our streets and parks safer for everyone to be on, less drugs.	4/30/2024 11:23 AM
219	I would like to see more retail and recreational areas for kids to enjoy. Also, in order to see Burlington grow we need to figure out the housing issue so more people can call our beautiful town home.	4/30/2024 10:07 AM
220	A healthy, clean and vibrant downtown with open space utilized as a civic gathering place; establishment of a Main Street program or downtown district; upgraded playground equipment in parks, upgraded pool and court facilities, a true recreation center; street and sidewalk improvements, housing assessment with more affordable housing options, water conservation efforts, building codes, up to date land use codes. Nuisance abatement.	4/30/2024 9:09 AM
