

Burlington Comprehensive Plan and Parks & Recreation Plan

BACKGROUND INFORMATION

Goals for Building Burlington:

- Establish the overall vision for the Burlington community for the next 20-plus years
- Establish goals and actions to guide the community's growth and evolution
- Provide the foundation for follow-up projects to be completed by the City of Burlington to help achieve the vision for the community

What is normally included in a Comprehensive Plan and a Parks and Recreation Plan?

Main Topics	
Burlington Comprehensive Plan	Burlington Parks & Recreation Plan
Community vision for Burlington	Planning for parks & open spaces in areas of town that may be missing these facilities
Future land uses and development	Future amenities and features desired in different parks around Burlington
Housing	Planning for programming, activities, and events provided by the City of Burlington
Economic development	Funding and strategies for parks and open space maintenance
Multi-modal transportation (driving, walking, biking, etc.)	
Parks, trails, and open space	
Infrastructure (water, sewer, stormwater, etc.)	
Community facilities (police, fire, library, etc.)	

Building Burlington began with an initial community survey in April and May. Today's outreach focuses on a **second community survey** that goes into more detail (based upon the input on the first survey) and provides a series of options and ideas (on various topics) for the two plans.

Building Burlington will conclude by the end of the year, with the adoption of the plan documents for the Burlington Comprehensive Plan and Burlington Parks & Recreation Plan.

Learn more, take the second survey online, and stay up to date on the progress of Building Burlington on the project website:
